Neighbourhood Development Plan (NDP) Steering Group

Recent legislation has changed the planning system to give local people more say in determining planning policy for their local area. Producing a Neighbourhood Development Plan (NDP) will allow the whole community to set out the vision for where they live and work and to create planning policies for the use and development of land. The NDP Steering Group was formed by the Allensmore Parish Council and meets on the third Monday of every month to help the people of Allensmore develop their plan which every resident will be able to vote on before it can be adopted. These meetings are open to everyone.
