### Suspicious Incidents

On Wednesday 14th March between 9.50 and 10am, two males were seen acting suspiciously in a field where items are stored near **Hoarwithy**, they appeared to

be about to steal scrap items. A resident disturbed them and they made off, the registration number of their vehicle was taken, a white Vauxhall Vivaro van, and police were called. Later that day, the vehicle was spotted by a CSO in the Ross area, and it was eventually stopped and the two male occupants were arrested after stolen property was discovered in the vehicle, a great result! Incident ref 128-s-140312.

The same vehicle was spotted later in **Dormington** and the occupants seen to steal several batteries. A search for this vehicle was made across the county, and it was finally stopped later that evening in **Eardisley** with stolen items on board, two males were arrested and enquiries continue - thanks to vigilant members of the public having noted the registration number of the vehicle on both occasions!

Around 5pm on Thursday 15th March, a grey Ford Transit pick-up with a registration similar to **12WH157** was calling at properties in Ewyas Harold for scrap. There were two Irish males in the vehicle. Incident ref 582-s-150312 refers.

#### Theft of statue from Weobley last month

I am sending this on behalf of our colleagues at Kington.

Between 19:00 hours on Saturday 19<sup>th</sup> of February 2012 and 09:00 hours on Monday 20<sup>th</sup> of February 2012, the Athena statue show below was stolen from the front garden of a property in Weobley.

The statue is 4 foot tall and made of stone.

This has been sent out on Kington rural news alerts recently, enquiries are continuing and this theft is very distressing to the victims due to the sentimental value. Any information please do not hesitate to contact us on the contact details below.

### Calling all knitters!

Officers from West Mercia Police's Family Protection Unit (FPU) in Hereford made a recent appeal for help from 'knitters' across the county as part of a new initiative that has recently been launched.

The aim of the new initiative is to provide every child that is formally interviewed as part of a child abuse investigation with the opportunity to choose a teddy bear to accompany and comfort them through the whole process as a special companion.

Interviews relating to child abuse - be it sexual, physical or emotional - are often harrowing experiences for the victims who unfortunately can be as young as three-years-old when they start to recount their suffering.

The teddy bear they choose will not only act as a loyal companion as their case progresses, but it will then become theirs to keep and will hopefully become part of better times in their life as they move forward.

These Teddy bears will greatly assist officers to build a rapport with each child - and ultimately gain the best possible evidence - but most importantly they will help ensure the investigative process is as easy as it can be for the child.

We will provide the pattern to follow but what we really need now is people to come forward and offer their knitting skills to us. We'd be very grateful to anyone who can help out. Please contact us and we will send the pattern out - it is important to follow the pattern we provide so all bears are the same, although they can have different colour clothing.

That's all for today!
