Incident ref 42-n-230513

Overnight on Tuesday 28th/Wednesday 29th May, several large flagstones were stolen from the top of a garden wall. It is believed that it happened around 5am as the occupiers heard a bump outside but thought it was a door banging. The dogs next door were barking at 3am however; it may be that someone came in the first instance and loosened the flags in readiness for someone to come and load them in a van once they were ready. A white Ford transit van, part registration **X191** was seen parked outside **Clodock** church at 4.55am with one male sitting in it. He was holding a mobile phone to his ear but can't have been making or receiving a call as there is no signal there! A large flagstone was also taken from Clodock church wall at the same time, maybe the passer by who noted the number put them off taking any more.

This same white van was seen on the Tuesday evening driving very slowly along the Longtown to Michaelchurch road, again only part of the registration was taken. Please keep your eyes open for this vehicle - or maybe you've seen it and know the rest of the number?

Incident ref 44-s-290513 & 50-n-290513

### Michaelchurch Escley

A Lister sheep shearing machine was stolen from a shed on a farm between 9am and 2pm on Wednesday 22nd May.  
Incident ref 120-s-280513

### Peterchurch

A 33 year old male from Hereford was arrested at 11.50pm on Monday 21st May for possession of a class B drug. He was charged and bailed to court.

### Pontrilas

Between 4pm on Monday 20th May and 9am on Wednesday 22nd May, two lorries parked at the rear of units at the Westwood Industrial Estate had their fuel tanks tampered with. No fuel was taken due to anti-theft devices that had been fitted to the vehicles.

### A note regarding security!

You will have read that recently there has been a spate of thefts from sheds and outbuildings, especially in the Golden Valley, and not all the items taken were in locked buildings. We often visit remote properties and farms and find them deserted but with expensive pieces of kit out in the open, waiting to be stolen, some even with keys in the ignition!

Sorry to nag folks, but please be more mindful of keeping your items locked out of sight, and mark them in some way, for example with SmartWater or similar property marking solutions.

Also, please be vigilant for any unfamiliar vehicles in your area, note down the registration number if possible, and let us know. We will check it out. Most of the properties that have been targeted will have been visited previously by a 'spotter', so be suspicious of every unexpected caller!

Best wishes

*Fiona*
