### Suspicious Vehicles

**M3\*26CD** is a black Mazda 'motor caravan' which has been seen on a couple of occasions late at night in the **Pontrilas** area.

**W60\*ROG** is a white Ford transit van that has been seen several times on our area, touting for scrap, recently seen in **Llandinabo**.

**BN\*5XNB** is a white Ford transit, the occupants were calling for scrap in **Madley**.

### Rural Crime Operation

Another of our operations stopping vehicles alongside colleagues from VOSA and Customs & Excise took place two weeks ago in Hereford, the emphasis on our part to

detect crime. A stolen trailer was recovered that had been stolen from Monmouth last year; two arrests were made for drug offences and two vehicles were found to have red diesel in their tanks and were dealt with by officers from C&E.

One thing that I have been asked to bring to your attention concerns trailers - about 3 in 4 of the drivers stopped were committing offences and had the trailers prohibited from further movement by VOSA so had to be fixed at the site or taken away on another trailer.

The offences ranged from faulty or no brake lights, no breakaway mechanism (all trailers must have a breakaway mechanism attached) and unlicensed drivers.

That's it for now, thanks for reading!
