## Neighbourhood Watch/Rural Watch

Below is an appeal that was sent out by my colleague at Bromyard to her residents, it sounds a good idea!

Please find attached a report regarding a neighbourhood watch liaison committee which Martin Field from Burley gate and others are trying to implement across Herefordshire.

The idea behind the scheme is to gather watch supporters who have an interest in forming a Countywide liaison group to make sure that any local Neighbourhood Watch/Rural Watch/Horsewatch etc have the support and information they need. It is also aimed at bringing new life into pre-existing schemes across the County, as many NHW have been lying dormant due to lack of communication.

Rural Watch is a type of neighbourhood watch scheme and it would be fantastic if we could be represented at a Countywide level, to push others to join similar schemes in their areas and to widen the eyes and ears of every community. If you have a bit of spare time on your hands and would be willing to put yourself forward for this, please contact Martin to discuss. (Martins' details are at the end of the report).
