## 1) Man Arrested In Missing Woman Investigation

Police officers who are investigating the disappearance of a 63-year-old woman from Herefordshire earlier this year, have confirmed that a local man was arrested earlier today (12 June).

Mrs Alethea Taylor was last seen at her home address in Orleton at around 8.30am on Thursday 19 January 2012.

Despite extensive searches by specialist police officers and many people from the local community, she has not been seen since.

Speaking about this arrest, Detective Inspector Dave Williams said:

"A man in his 60s was arrested at just after 7am on suspicion of murder and he is now in custody in Hereford.

"Investigative work is ongoing following this arrest and it is extremely unlikely that any further information about this development will be released today."

Issued: Tuesday 12 June 2012

## 2) Police Name Man Found In River - Hereford

Police in Hereford have named a man who was found dead in the River Wye last month.

The body of Arturs Polonankins was discovered on Wednesday, 30 May in water near to The Old Bridge in the city. The 44 year old was pulled from the river by the emergency services but sadly, was pronounced dead at the scene.

The death is not thought to be suspicious. The matter has been referred to the Herefordshire Coroner and an inquest is due to be held later this year.

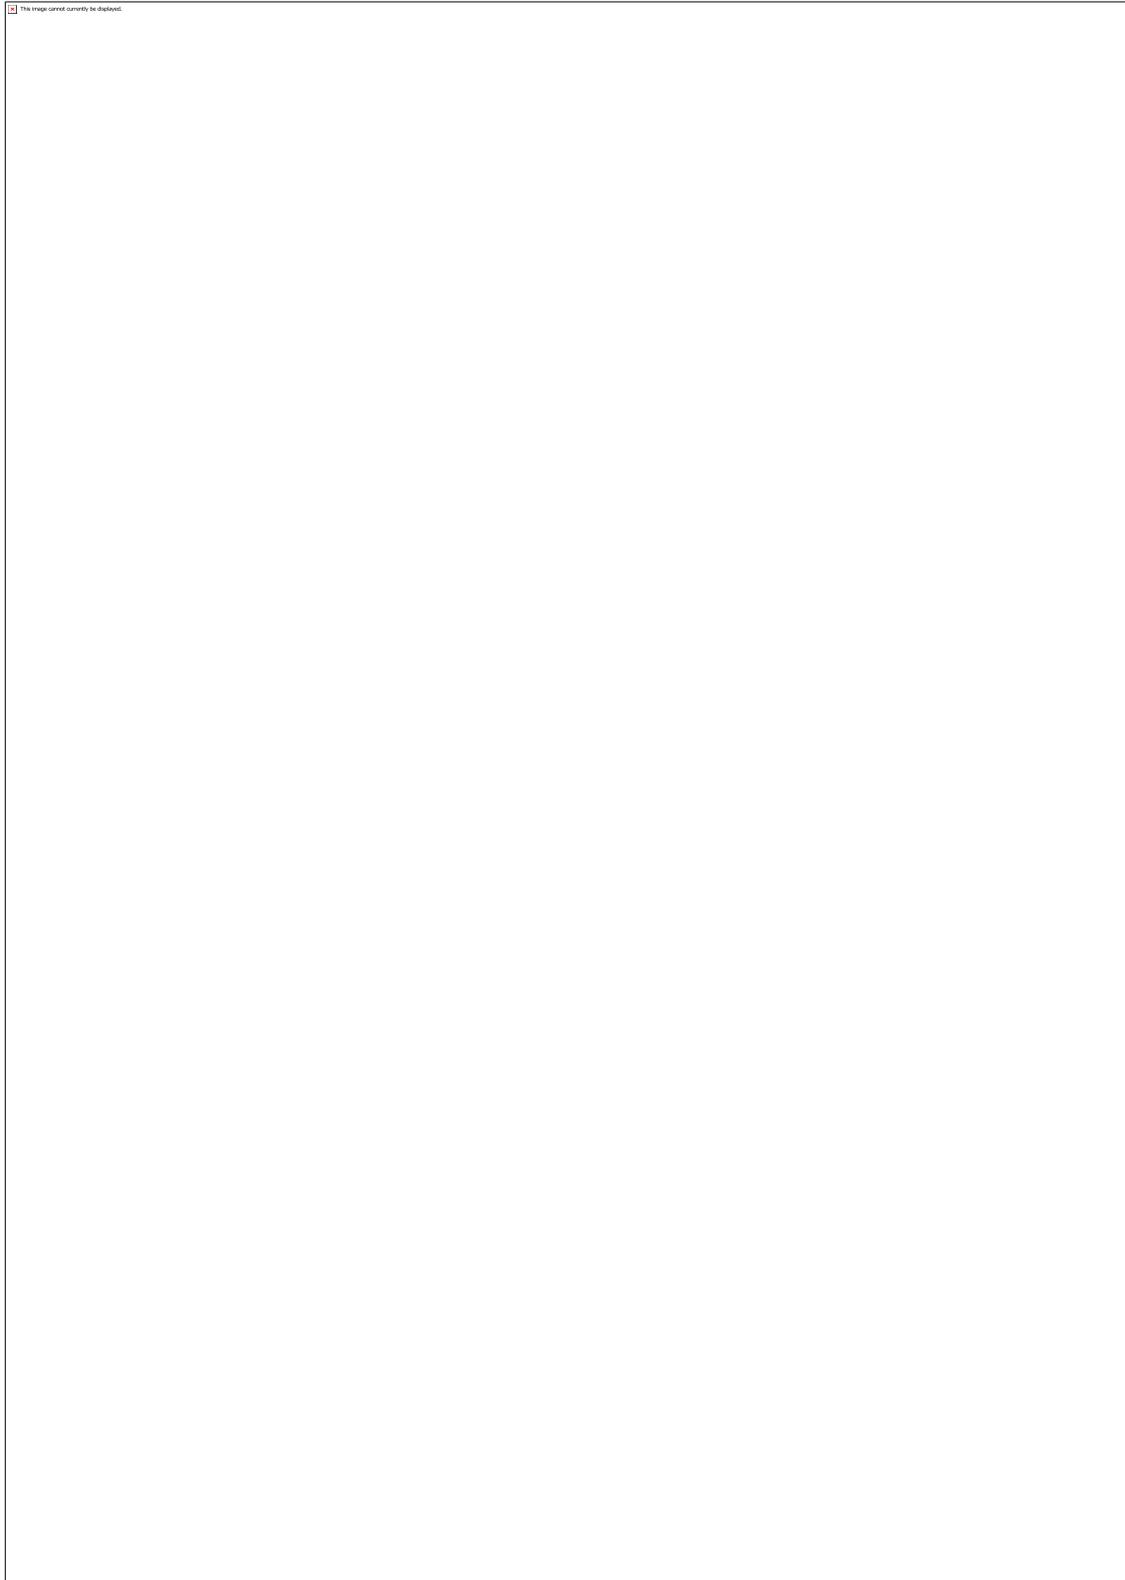

Detective Constable Catherine Taylor from Hereford CID was involved in the investigation into Mr Polonankins' death: "He was of Latvian nationality and had recently moved to Herefordshire to live and work. Because of this, unfortunately it did take us some time to identify him.

"However, Mr Polonankins' family have now been notified of his passing and our thoughts are with them at this sad time.

"During this investigation, we received a number of calls from members of the public and I would like to personally thank them all for their assistance."

Finally, as you are all probably aware, the Queen is visiting Hereford on July 11th, and I have attached a poster that you are welcome to print off and display in your area. Lets hope the rain has stopped by then!

Best wishes
