DESCRIPTION: Proposed construction of two new poultry units

APPLICANT(S): Mr William Watkins

GRID REF: OS 343678, 235938

APPLICATION TYPE: Planning Permission

The Parish Council commented as follows:

“Allensmore PC is concerned that the further expansion of poultry sheds, in an area where there has already been considerable new capacity and development added in recent years, will lead to a further increase of unpleasant odours. These odours being emitted both over the changeover period and due to an increase of litter spread on the land. There are concerns about pollution, particularly of dust and pollution of the water courses.”

Any comments on application, 202461, for a balcony/veranda at the property known as “Bramley Orchard” would be circulated, as determined.

There was a brief update on local issues. The Lengthsman’s pipe work surveillance camera was not working, at present, so an alternative provider for the camera had been found.
